THE PRODUCTIVITY SYSTEM • SUNDAY PROTOCOL

The 3-Step Sunday Meal Prep Master Workflow

A proven 90-minute kitchen timeline designed to eliminate weekday cooking stress entirely.

Phase 1: Kitchen Station Setup (Minutes 0 - 15)

Clear all counters and start with an empty dishwasher. Set out your cutting boards, sharp chef's knife, 2 sheet pans with parchment paper, and your glass meal prep containers. Preheat your oven to 400°F (200°C).

Phase 2: High-Volume Roasting & Simmering (Minutes 15 - 60)

• **Oven Zone:** Fill Sheet Pan 1 with seasoned chicken breasts or salmon. Fill Sheet Pan 2 with chopped root vegetables, broccoli, and peppers. Roast simultaneously for 22 minutes.
• **Stovetop / Instant Pot Zone:** Cook a double batch of quinoa, brown rice, or lentils. Start your slow cooker or skillet chili.
• **Cold Zone:** Wash and spin-dry all salad greens. Chop raw snacking veggies (cucumbers, carrots, celery).

Phase 3: Assembly & Strategic Storing (Minutes 60 - 90)

Allow roasted items to cool for 10 minutes (never pack steaming hot food to prevent sogginess). Portion grain base, roasted vegetables, and proteins into glass containers. Label lids with dish name and consume-by dates.

💡 **Pro Storage Rule:** Keep meals intended for Thursday & Friday in the freezer, transferring to the fridge Wednesday night!
